HERITAGE RARE COIN G A L L E R I E S

Steve Ivy and Jim Halperin, Numismatists

Dear Customer:

It is with great pride that we present our Fall issue of the Heritage Numismatic Journal. Included this month are new purchases from the ANA Convention recently concluded in Detroit, our usual broad selection of U.S. Gold coins from our European sources as well as several private collections which we purchased earlier this summer.

We have traditionally held our annual discount sale in August, and this year is no exception. Refer to the enclosed discount schedule for an idea of the minimum savings which you can enjoy this month. Because our sales representatives are professional numismatists, and not code readers, they have the authority to give even greater discounts, so that our actual selling price is usually competitive with prices you might get on a bourse floor or public auction. Our clientele ranges from the novice to the sophisticated collector, and we have the material, knowledge and flexibility to accommodate both.

If you've read this far, you're probably interested in buying coins at this time. Pick up the phone and call us toll-free at 800-US COINS. You'll find a knowledgeable numismatist at the other end of the line who is able to help you examine and acquire choice and rare U.S. coins of interest to you.

Sincerely,

Michael W. Sherman
General Manager

Find the coins of yesterday at great savings from Heritage today.

Now you can save up to 15% on your next coin purchase during our Heritage Annual Sale!

The coin dealers of yesteryear were always interested in providing the finest coins to numismatists of the time at the very best value.

Just look at these excerpts from a Max Mehl catalog of 1951:

\$50 Panama Pacific (Round)	\$250.00
1863 Proof 3c Silver	\$ 2.00
1932-D 25c Uncirculated	\$ 4.00
1909-O 50c Uncirculated	\$ 4.00
1878 Proof \$1 8TF	\$ 2.00
1889 \$3 Uncirculated	\$ 10.00

Today, Heritage carries on that same tradition of serving numismatists. And as is our custom each year following the annual ANA convention, we're offering **VALUABLE DISCOUNTS** on our entire inventory of new and fresh high quality rare coins during our Heritage Annual Sale.

While we may not be able to

offer those coins at comparable prices to those of Mehl in 1951, all of the coins are priced competitively, and are subject to the following DISCOUNTS depending on your total purchase amount:

Heritage Annual Sale Discount Schedule	
<u>Total purchase amount over</u>	<u>Discount on entire purchase</u>
\$ 500	10%
\$2,000	15%

Discounts do not apply on common date gold in grades of MS 60 or less. All discount orders must be mailed by September 2, 1984.

It's easy to participate in the Heritage Annual Sale offering. Simply select the coins you wish to purchase from the following listing, add up the total amount of your purchase, deduct the proper discount, and forward your order to us immediately. (If you don't see the coin you want, call us toll free at

1-800-US COINS, because due to deadlines not all our coins are listed.)

You may also use our zero interest, three month or six month layaway plans and still include your discounts. Longer terms are available with some interest charges. But hurry. Heritage Annual Sale with all discounts end on September 3, 1984. No matter how you look at it, the Heritage Annual Sale are the right time to make your move and buy those coins you need at substantial savings!

Charles Clifford

I joined Steve Ivy Rare Coins in September, 1974. During my ten year tenure, I have handled most numismatic rarities. My experience in the hobby has given hundreds of clients the confidence to build collections and investment portfolios totaling millions of dollars. I feel that I have a unique sense of timing when it comes to recommending undervalued items and welcome the opportunity to assist new clients.

Mark Van Winkle

In January, 1979 I came to work for Steve Ivy after four years as a social worker. Since that time, I have sold many millions of dollars in rare coins. My main areas of specialty are gem Nineteenth and Twentieth century type and rare gold. Call when I may describe any coins from inventory, auction, or mail bid sale. I have helped build several major collections and look forward to helping you achieve your numismatic goals.

Phil Smiland

I moved to Dallas from Greenwood, Mississippi and joined Heritage in January of this year. I have been collecting and dealing in coins for about fifteen years. This includes working at coin shops for dealers at conventions and running a coin and stamp retail store of my own for three years. I have a special interest in older type coins, Silver Dollars and U.S. Gold. I'm excited about being at Heritage and enjoy the people I work with.

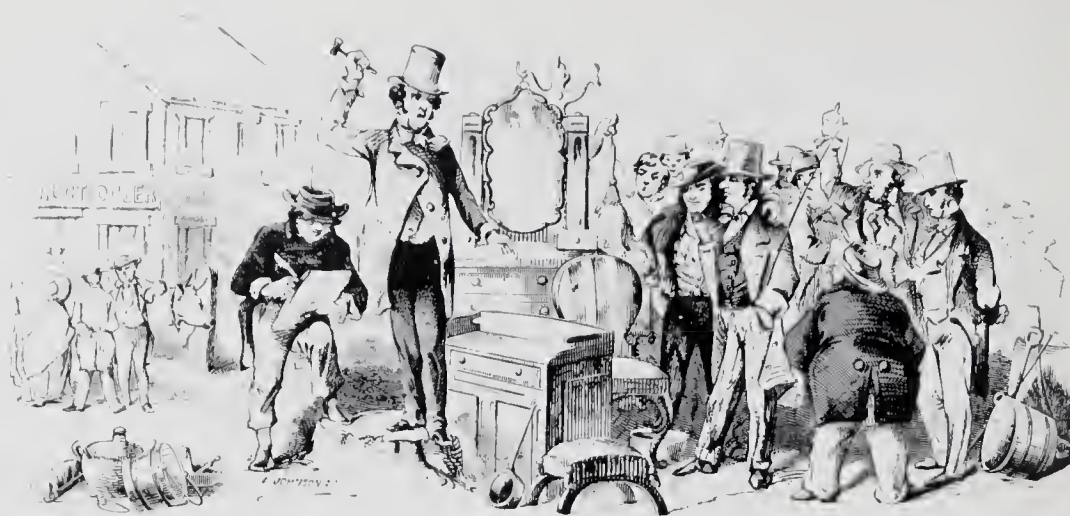

Ed Stack

With 32 years of numismatic experience, I joined the Heritage team this year. The underlying relationship between an account representative and his client must be fiduciary in nature. You can rely on me to give you the best coin at the best price. If you have any questions regarding numismatic material, call me at your leisure.

Craig Hively

Originally from Wisconsin, I moved to Dallas this year to join the Heritage staff. With 24 years of numismatic experience, my customers have come to expect prompt personalized attention to their collecting and investing needs. Most of my day is spent helping my customers find that "just right" coin. Give me a call to take advantage of my knowledge and receive some prompt personal attention.

ON COLLECTING

by Michael W. Sherman

There's an old adage which says that what you get out of something is proportionate to what you put into it. And other than horse racing and slot machines, it holds true most of the time. Few endeavors though, pay as rich a reward as the serious undertaking of a collecting hobby.

The acquisition of objects is one of man's oldest pursuits and certainly among the most deeply rooted. As soon as basic survival needs were fulfilled, natural curiosity led to the accumulation and study of items for the environment. Whether it was an unusually shaped rock, or an interesting sea shell, the desire to preserve and classify related items was present from the dawn of civilization.

In the ensuing five thousand years, the output of man's handiwork has been prodigious, leaving collectors of today with an almost infinite variety of areas in which they can become involved. A casual perusal through *Antique Weekly* confirms that for virtually any field, a group of dedicated collectors exists. From Salt Shakers to Comic Books, Postcards to Toy Soldiers, there is a club or a publication somewhere to satisfy the thirst for more information and the names of others who share the common interest.

A few areas, however, have outgrown the humble "classified" section and become major national interests. Among these select fields are Automobiles, Philatelics and Numismatics. So rich and vast are these fields, that an intricate network of local, regional and national organizations have evolved, supported by numerous and varied publications catering to often highly specialized areas within each of the major fields. Research opportunities are plentiful enough to even allow some to earn a living through the advancement of knowledge in their area of interest.

In this arena of "major hobbies", another opportunity exists. The inexorable laws of supply and demand dictate that a fixed, or slowly falling supply, combined with an ever increasing demand, will drive the prices of treasured items even higher. This is part of the reward, or return which dedicated collectors deservedly enjoy from the fruits of their labor. The time invested in researching the history, or categorizing the varieties of objects of interest bears dividends both in personal enrichment and monetary terms. Most true collectors derive more pleasure from the former than the latter, but most would also agree that the latter is certainly a nice "fringe benefit".

The class of buyers who haven't the time or inclination to appreciate either the beauty or history of a collectible item, who study only the price trends and are seeking only financial gain, are depriving themselves of a rewarding experience. Because they have invested little, they reap little. There is no inner feeling of satisfaction which comes from the accomplishment of a personal goal. There is no enrichment of knowledge or expansion of horizons.

As you probably have guessed, most of the employees of Heritage Rare Coin Galleries are collectors, and as such, we strongly encourage each of our customers to get involved! If you wish to profit from a collecting hobby, it will require time and effort as well as money. And you will find that the investment in education will enhance not only your personal satisfaction but your pocketbook as well.

OUR GUARANTEE

All coins purchased from Heritage Rare Coin Galleries are covered by an unconditional 45 day return privilege, one of the longest in the industry.

It is also guaranteed that all coins sold are genuine. As proof of our certainty that no counterfeit or altered coin can escape our attention, it is also guaranteed that we will refund the full Heritage purchase price plus 15% interest per year compounded annually on any non-authentic coin sold through Heritage Rare Coin Galleries. If you request auction for liquidation, Heritage Numismatic Auctions, Inc., after acceptance, will catalog your coins at the same grade which you purchased them.

Each and every coin sold by Heritage Rare Coin Galleries is graded on both the obverse and reverse, according to the standards set forth in the American Numismatic Association Grading Guide. It should be understood, however, that grading is an art and not a science, and that the American Numismatic Association standards, as published, are somewhat vague and subject to interpretation. Because of this, opinions on grading as well as value, can, and often do, differ between experts as well as grading services. The purchaser is therefore encouraged to carefully inspect and evaluate all coins during this 45 day period.

FLYING EAGLE CENTS

- 1856 Proof (65/65) Original light olive with reddish-gold flashes about the periphery. Spot-free and reflective. As the collector well knows, locating an unspotted, uncleaned example of this popular date is very, very difficult if not downright frustrating. (see color photo) . 6,000.00

- 1858 MS (65/67) Large Letters. An exceptional piece with an absolute full strike, blazing luster and subtle gold toning. One small spot, above the eagle's eye, removes this from a full "67/67" grade. (see color photo) . 3,525.00
- 1858 Proof (63/63) Large Letters. Very deep lime toning on the obverse with pastels below; less intense reverse colors. The obverse is in full brilliance while the reverse is a trifle dull but still mostly reflective. Very rare and still underrated. . 2,700.00

- 1860 Proof (65/65) Fiery gold with superb iridescent undertones on the obverse. Unspotted and very pleasing; a touch of granularity in the left obverse field keeps this from the superb level. . 2,750.00

- 1862 Proof (65/65) Fully reflective surfaces with deep yellowish-gold toning. Under a glass, some tiny flyspecks can be seen but these fail to detract from what is, unequivocally, the prettiest Proof 1862 Cent we've handled. (see color photo) . 2,750.00

- 1863 AU (55/55) . 70.00

1860 Proof (65/65) Similar coloration to the last but a bit deeper in hue; the obverse shows a nice cameo effect and the surfaces are original.	2,875.00
1864 Proof (65/65) Deep lilac-grey with flashes of russet and violet below; the reverse periphery shades to electric blue. An obviously original example of this very popular date.	3,150.00
1865 MS (67/65) An unquestionable business strike with full frosty luster and no traces of prooflike surfaces. 1868 MS (65/65) Struck from clashed dies. Even pale gold toning with a russet splash on the obverse. Excellent detail with a sharp head and wreath; the satiny surfaces are very clean. Rare in this grade; we can not recall having seen a finer 1868 business strike Dime.	2,875.00
1869 MS (65/65) Semiprooflike surfaces are present below dusky rose-grey hues. Enough frost is present, however, to assure the viewer of this coin's business strike status. Quite scarce and underrated in strict Mint State. (see color photo)	2,250.00

1916 Proof (65/65) Satin Finish Proof. This coin was discovered at the Detroit A.N.A. show by Jim Halperin and it created the biggest stir at an otherwise ho-hum show. The surface is satiny; similar in texture to a 1916 Buffalo Nickel Proof and free of any frost. The details are remarkably sharp and the edges fit the criteria established by Breen and others for Proofs. Although no other certified Proofs were available for comparison at the A.N.A. show, every knowledgeable dealer who was shown it was certain of its Proof status. It is currently one of <i>only four specimens known</i> and it is, probably, the choicest. Interested parties are urged to contact Doug Winter for further information regarding diagnostics and rarity.	15,000.00

1858 MS (65/65) Splashes of lilac and apricot pastels; weakly struck on the eagle's right leg but, otherwise, a fairly sharp example.	4,800.00
1858 Proof (63/63) Repunched 1. Superb deep toning with rings of sky-blue, orange-gold, crimson and sea-green below a grey-olive overtone. The surfaces are fully reflective although they do exhibit some hairlines and a lintmark or two. Scarce. (see color photo)	3,450.00
1869 Proof (65/65) Exquisite natural toning atop deep, reflective surfaces. No significant hairlines are present and the overall impact of this coin is staggeringly beautiful.	3,250.00
1870 Proof (63/63) Cameo obverse with the contrast a bit obscured by the depth of the toning. When tilted, the surfaces flash a multitude of iridescent hues.	930.00
1872 Proof (60/60)	440.00

1885 MS (65/65) An obvious business strike with fully lustrous surfaces showing absolutely no prooflike reflectiveness. Light gold toning enhances this rare coin's already superb appearance. (see color photo)	7,200.00
1886 Proof (65/65) Russet-grey surfaces changing to blues and green at the peripheries. Almost entirely free of hairlines and fully reflective; a very attractive coin.	3,725.00
1887 MS (65/65) A frosty blazer which is notable for being both an obvious business strike and a very, very choice coin as well.	6,350.00
1888-S MS (63/65) Prooflike; old gold shading to pale electric-blue and green at the rims. An extremely underrated and legitimately scarce date in this grade.	2,000.00
1890 MS (65/65) Lackluster but still choice obverse toned to a purplish-grey; the reverse is superb, highly lustrous and toned to a delightful golden-grey.	4,750.00
1891 MS (63/65) Untuned and frosty; a few insignificant marks in the right obverse field.	2,000.00
1891-S MS (63/63) Prooflike; smoky gold toning. Underrated in strict Mint State.	840.00

BUST HALF DOLLARS

1823 MS (60/60) O-103. (R-1). Fully prooflike and amazingly sharp. Easily mistakable for a Proof, but, of course, "just" a first strike. (see color photo)	1,350.00
1829 MS (63/63) O-108. (R-1). Small Letters reverse. Deep chartreuse obverse with underlying flashes of rust red; the reverse is a delightful mix of gold and sea-green. A coin which is destined, someday, to be resold as a "63/65" or even a "65/65" coin.	1,625.00
1832 AU (50/50) O-109. (R-1). Superb natural toning.	235.00

SEATED LIBERTY HALF DOLLARS

1855-O MS (63/63)	2,200.00
1860-O MS (63/63)	1,175.00
1862 MS (63/65) Frosty and untuned; an absolutely unquestionable business strike with no prooflike reflectiveness in the surfaces. A few light contact marks but quite choice and legitimately flashy. Rare; we have only owned one finer 1862 business strike Half Dollar. (see color photo)	4,475.00
1875-S MS (63/65)	2,800.00
1875-S MS (65/65) The satiny surfaces are almost entirely unmarked and covered by rich orange-gold toning. A wonderful coin for a type set.	4,500.00
1876 Proof (65/65) Deep chartreuse-olive obverse; similar reverse but accents of magenta and forest green predominate.	4,500.00
1881 MS (63/65) An obvious business strike with frosty surfaces under light champagne-gold hues. Weakly struck at the top of Ms. Liberty's head and the eighth star; a few tiny obverse marks from a full "65"	5,600.00
1883 Proof (65/65) Unusual but wholly original and very attractive salmon-grape toning with some greenish tinges on the obverse.	4,950.00
1889 Proof (65/65) Deep olive toning interrupted by an arc of russet; similar reverse with a circle of russet and violet. This interesting configuration was, no doubt, caused by other coins resting below the surfaces of this coin. (see color photo)	4,950.00

BARBER HALF DOLLARS

1892 MS (67/67) A simply sensational coin which drips with frost and is free of the slidemarks or abrasions which seem all but diagnostic to this type. An early phone call is suggested as we anticipate great interest in this piece. (see color photo)	7,000.00
1896-S MS (63/65)	4,350.00

1907-D MS (63/65) Splashes of green-gold toning; the obverse has a few abrasions on the device.	2,685.00
1909 MS (65/67)	5,600.00

BARBER HALF DOLLARS

1909 Proof (65/65) Smoky golden-olive obverse shading to steel and violet at the center; deeper brown-grey central reverse.	4,800.00
1910-S MS (65/65)	4,625.00
1911 MS (63/65) Removed from a "65/65" classification by some slidemarks on Ms. Liberty's cheek.	2,675.00
1911 MS (65/65) Monochromatic dusky gold toning fails to mask this coin's excellent luster.	4,200.00
1912-D MS (60/60) A nice coin for the grade.	540.00
1913-D MS (60/60)	540.00

ONE DOLLAR GOLD

1849 MS (60/60) Weak L, Open Wreath.	720.00
1851 MS (60/60)	720.00
1851 MS (60/63) Semiprooflike, great color.	990.00
1852 MS (60/60)	720.00
1853 MS (60/60)	720.00
1853 MS (65/63)	3,100.00
1878 MS (65/65) The surfaces are a blend of frost and semiprooflike. The coloration is exceptional with pale green and coppery-gold hues blended to form an invigorating shade unique to itself. <i>Rare</i> ; only 3,000 business strikes were coined and most survivors grade EF to AU. (see color photo)	10,650.00
1883 MS (67/67) Semiprooflike obverse, deep satiny reverse. Intense lemon gold and coppery-orange toning. Well struck with no significant signs of die deterioration on the denticles; the surfaces themselves are nearly flawless. While overrated in lower grades, this is a scarce date in this superlative state. (see color photo)	8,900.00
1885 Proof (60/63) Deep coppery toning on the obverse and reverse.	2,950.00

QUARTER EAGLES

1805 AU (50/55) Struck in green gold. The obverse is exceedingly clean and it displays some luster in the protected areas. The reverse is very lustrous but does show adjustment marks at the 12:00 rim and the eagle's neck. A fine example of this rare type and, as well, a scarce date in this grade. (see color photo)	11,625.00
1835 AU (55/55) Semiprooflike. Deep green toning. Minimally worn and attractive.	1,350.00
1908 Proof (63/65) 236 Struck in the dark matte finish typical to this date. A microscopic contact mark presents itself to the third star; the reverse is clean but for a patch of (removable?) dirt atop the PL. A dramatic wire rim accentuates the lower obverse. Attractive and popular as the first-year-of-issue for this novel design. (see color photo)	10,950.00
1909 MS (65/65)	2,640.00
1910 Proof (67/67) "682" Struck in "Roman Gold" finish also found on 1909 Gold Proofs. This is a simply superb example of a very scarce date (the reported mintage is felt to represent an error or, possibly, the majority of Proofs were melted). The color, an extremely deep gold with tinges of green, is entrancing as are the surfaces. It is unlikely that more than a handful of 1910 Proof Quarter Eagles rival this piece in terms of quality. (see color photo)	25,000.00
1914 MS (65/65) Frosty and colorful. (see color photo)	2,650.00

THREE DOLLAR GOLD

1856 AU (50/50) Fully lustrous and minimally abraded.	1,150.00
1860 AU (50/50) Semiprooflike obverse, lustrous reverse. Tinges of pink toning line the peripheries.	1,150.00
1878 MS (65/65) Marvelous color with the pinkish-gold centers framed amidst deep peripheral splashes of copper. The lovely hues are enhanced by full luster. The strike is quite sharp and what few abrasions which are present do not, in the least, detract. (see color photo)	9,900.00

HALF EAGLES

1806 AU/MS (55/60) Breen 5-E. Round Top 6. Stars arranged 7+6. Fully lustrous and removed from newness by some touches of rub on the obverse highspots. Typical somewhat uneven strike; faint obverse scratch in the right field. (see color photo)	9,250.00
1834 AU (50/50) Classic Head. Plain 4. Prooflike, nice coppery toning at the peripheries.	900.00

1840 VF (20/30) Narrow Mill. Obverse marks. Scarce.	300.00

1889 AU (55/55) Very scarce.	895.00
1890-CC MS (63/63) Lustrous and minimally abraded; free of the copper spots which are often found on examples of this date.	1,500.00
1891-CC MS (60/60)	540.00
1891-CC MS (63/63) Deep pink and green toning; even, shallow abrasions are mostly confined to the obverse fields.	1,350.00

1893-O AU (50/50)	550.00
1893-O MS (60/63) Scarce.	1,250.00
1900 MS (67/65) The obverse is as close to perfection as any Liberty Head Half Eagle we have seen; a microscopic milling mark in the right reverse field causes us to assign the coin its split grade. Its new owner can rest assured that no finer 1900 Half Eagle will be offered for some time - if ever. (see color photo)	5,600.00
1906-S MS (63/65) Scarcer than generally recognized.	3,300.00

1915-S MS (60/60) A trace of pink and green toning atop surfaces which are, for the date and grade, unusually clean. Scarce.	2,650.00

EAGLES

1849 AU (50/50) Normal Date. Semiprooflike; baggy but sharp.	480.00
1849 MS (60/60) Normal Date. Fully prooflike with scattered light bagmarks. An affordable No Motto Eagle.	1,325.00
1884-CC MS (63/63) Deep gold toning with no significant marks and a superb overall appearance. Diagnostic raised die scratches on Ms. Liberty's neck; fully struck with good detail on the hair and feathers. We are aware of only three other Mint State 1884-CC Eagles and two of these grade MS 60/60 at best. This piece is, we feel, tied for the finest known with a piece now in a prominent collection. Truly a "once in a lifetime" opportunity for the specialist.	6,950.00
1891-CC MS (60/63) Splashes of deep coppery toning on the lightly abraded obverse; pale pink and green colors adhere to the clean reverse.	1,175.00
1892-O MS (60/60) Overrated in Mint State but, on the average, grossly overgraded in most of its appearances.	685.00
1899 Proof (65/65) Only 86 struck; approximately two dozen of these survive. This specimen has, without a doubt, the nicest color we have seen on a Proof Eagle in some time. The frosted devices appear to float in a sea of coppery-gold. Little cloudiness and no lintmarks are present. Additionally, full orange peeling gives the surfaces a vibrancy which should prove compelling to most - if not all - viewers. (see color photo)	25,200.00
1899-O MS (60/60) A bit short on luster but quite clean. Scarce.	500.00

1908 \$2 1/2, Proof 65/65
One of 236 struck in the dark matte finish. In great demand as a first-year-of-design issue and very difficult to locate this choice. Its conspicuous absence of shiny spots makes this an exceptional piece.

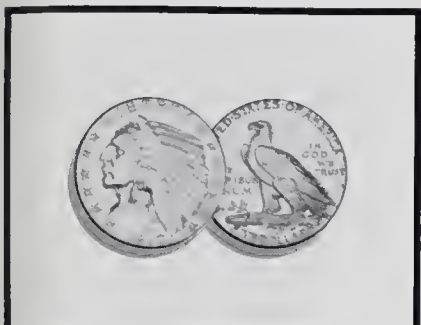

1888 \$3, MS 65/65
High-quality Threes remain one of the most popular — and most difficult — of all 19th century gold types. This example is frosty, original and colorful. Its pedigree, ex Beck I: 322, serves as further enhancement.

1795 \$5, AU 50/55
Breen 1-B. Small Eagle Reverse. Semiprooflike with much of the original surface present; struck in light yellowish gold. Evenly worn, free of any significant marks and boldly struck.

1802/1 \$5, MS 63/63
Breen 1-A. Fully prooflike with delicate greenish-yellow toning. Exceptionally sharp with nearly complete border dentils and full hair details; gently abraded in the fields. One of the finest 1802/1 Half Eagles offered in years.

1910 \$5, Proof 65/67
"Roman Gold" finish; one of only 250 struck. A breathtaking example of this rarity with splashes of deep yellow-gold toning enhancing the beautiful original coloration.

1795 \$10, AU 50/55
Breen 2-A, thirteen leaves below eagle. Semiprooflike with the reverse more so than the obverse. A neat match to the 1795 \$5 with similar color, wear pattern and overall appearance.

1801 \$10, MS 65/65
Breen 2-B. A staggering Eagle with full Mint frost, a minimal number of marks, an exceptional strike and an absolute absence of adjustment marks. One of the ultimate type coins and a rarity in this grade.

1904 \$10, Proof 65/65
One of only 108 struck. Splendid deep gold, orange and coral hues in a lightly-mottled configuration. The color of this popular issue makes it unusually attractive.

1907 (Indian) \$10, MS 69/69
A coin which truly must be seen to be believed. Its richly-colored surfaces are virtually flawless and its pulsating luster give this coin a unique overall appearance.

1909 \$10, Proof 65/65
Struck in the satiny "Roman Finish" which was always used in 1910; only 74 were coined. A legitimate rarity which is almost never offered for sale at public auction.

1907 (Liberty) \$20, Proof 65/65
A popular and very rare coin, this last-year-of-design issue had a mintage of only 78. Of the 40 or so survivors, only a few are as hairline free and brilliant as this piece.

1908 \$20, Proof 65/65
Struck in a dark matte finish with an orange-olive color; as few as 20 other pieces with this finish are known. The surfaces show no "shiny spots" or hairlines.
